The Fund

Energy Savings’ business, which is conducted in Ontario, Manitoba, Alberta, Quebec, British Columbia, Illinois, Indiana and New York, involves the sale of natural gas to residential and small commercial customers under long term, irrevocable fixed price contracts. Energy Savings also supplies electricity to Ontario, Alberta and New York customers. By fixing the price of natural gas or electricity under its fixed price contracts for a period of up to five years, Energy Savings’ customers offset their exposure to changes in the price of these essential commodities. Energy Savings, which commenced business in July of 1997, derives its margin or gross profit from the difference between the fixed price at which it is able to sell the commodities to its customers and the fixed price at which it purchases the matching volumes from its suppliers.
